VOL. 33 NO. 117

WASHINGTON C. H., OHIO, FRIDAY, MAY 17, 1918

Ten Cents a Week

SATURDAY IS PATRIOTIC DAY IN FAYETTE COUNTY

Unless unusual stormy weather conditions prevent perhaps the greatest crowd ever gathered together in Fayette county will assemble, at the county seat—Washington—on Saturday, to participate in the activities of the greatest time in history of the world. It is a grand patriotic rally. Airplane fleet will arrive from the Dayton aviation field before the noon hour, manned by Army Aviators and will land on the outskirts of the city. During the early afternoon all sorts of new and bewildering stunts—loops, dips, drops, spirals and every other intricate movement known to these war eagles of the air will be performed over the city. A battery of splendid speakers, from home and abroad, will address the crowds. Good music by band and glee clubs. The high school pupils, fully costumed, in patriotic pageant. The opening of the war chest campaign by the folks here for the boys over there. Everybody should come.

TEUTON ARMY REMAINING INACTIVE

Allies Wait for Von Hindenburg to Show His Hand.

Weather Conditions Are Ideal and Delay Is Proof that Next German Push Is to be One of Great Magnitude.

(Associated Press Cable)
With the British Army in France, May 16.—The allies are still waiting for Field Marshal von Hindenburg to show his hand. No more magnificent weather could be imagined than has favored the western front in the last 48 hours. But even this has brought no change in the situation.

The Germans continue to remain comparatively inactive in their sun-baked defenses and were it not for the grumbling of the guns the clouds of dust along the lines of trench works and the flight of airplanes, it would be hard to realize that a war was going on.

Notwithstanding this there has been no relaxation of the tensi which has existed along the front for many days. It is realized the enemy may strike at any time.

Certainly no one doubts that an ambitious offensive is in preparation and the time necessary to complete the plans must have about run its course.

The delay is in itself an added indication that the next German push is to be one of great magnitude and fierceness. The next battle may be easily the crucial one for the Germans who undoubtedly will attempt once more to smash entirely through the allied lines.

SEES NO VICTORY FOR THE GERMANS

(Associated Press Cable)
Berne, Switzerland, May 17.—In a statement before the Wurttemberg Diet Herr Hausmann, one of the leaders of the progressive party, said another winter of war is now inevitable. Germans must make up their minds to face disappointments instead of obtain victory hoped for during the summer, he said.

IRELAND SEEMS COMING AROUND

(By Associated Press Cable)
Dublin, May 17.—At a meeting of 45 members of the Nationalist party here today with John Dillon presiding, a statement was issued to the effect that the ill-fortuned legislation in Ireland was adopted by parliament largely under the impression that no attempt would be made to use power until a responsible Irish government and an Irish parliament were called into existence. The latest development, however, leads to the conviction, it is said, that the government has no intention of producing any bill whatever and that all promises made were uttered simply for the purpose of deceiving the House of Commons; the British public, and above all, the American government, the American peoples and the allied European nations and of prejudicing the cause of Ireland in their eyes.

BIG GUNS SUPPLIED BY TRANSFER CARS ON WESTERN FRONT

PASSING SHELLS TO TRANSFER CAR. COMMITTEE ON PUBLIC INFORMATION, WASHINGTON, D. C.

American soldiers in a screened trench in the Amiens sector passing shells to be loaded on small transfer cars, which carry the ammunition to the various gun crews along the front lines.

DEATH CAME INSTANTLY TO RESNATI

Famous Italian Airman Killed at Hempstead Field While Testing New Plane.

(By Associated Press Dispatch)
New York, May 17.—Captain Antonio Sylvio Resnati, of the Royal Italian Flying Corps who piloted the 10-passenger caproni biplane from Washington to New York and back recently, was killed at noon today at Hempstead Flying Field.

He met his death while testing an American-built Caproni of the bombing type.

MARVELOUS DISCOVERY

(By Associated Press Cable)
Paris, May 17.—The Professor Domenico Lo Monaco, of the Lincei Academy at Rome is credited with a discovery which will revolutionize the treatment of tuberculosis. The Professor, explaining his discovery, said he had observed that sugar had a remarkable effect on the secretions of human organism.

After seven years of study he became convinced that the secretions of the saliva, bile and gastric juices were modified profoundly by introduction of sugar. This gave him the idea of applying this method to the bronchial secretions of consumptives.

The first experiment gave results far exceeding his expectations, he reports. There was rapid improvement in most cases, and he has obtained cures which appear radical.

COMMONS ADJOURNS

(By Associated Press Cable)
London, May 17.—The House of Commons adjourned last night until May 28th without any signs of the long delayed Irish Home Rule bill. Apparently the members of the government have no idea when the bill will be introduced.

ENTERTAINS SOLDIERS

Miss Sophie Tucker, "Queen of Vaudeville," has drafted herself and her famous jazz band for a tour of the American camps and trenches in France. Miss Tucker is sacrificing a weekly salary of \$1,500 to do her "bit". She has been active in raising the fund for smokes for the soldiers and sailors and also campaigned for the Third Liberty Loan.

THREE KILLED WHEN NITRO EXPLODES

(By Associated Press Dispatch)
Pleasant City, O., May 17.—Three men were blown to bits near here today by the explosion of nitroglycerine. The explosive was being hauled to the oil fields by John Hughey of Marietta, whose horses also were killed. The other victims were Wm. Phelps a farmer and his son, John, who were driving along the road near where the accident happened.

The explosion shook the countryside for miles around.

ALLY AIRMEN DROP BOMBS OVER LINES

(Associated Press Cable)
London, May 17.—In spite of the determined opposition by airplanes, British aviators Thursday dropped bombs on factories and the station at Saarbrücken, in German Lorraine, starting a fire on the railway.

After bombing the town the British turned on the enemy in aerial fighting, destroyed five of the enemy machines. One of the British airplanes was lost.

Intensely aerial fighting on the western front Wednesday 37 German airplanes were accounted for, while eleven British machines are reported missing.

IS DETERMINED TO OPPOSE

(By Associated Press Dispatch)
Washington, May 17.—President Wilson's unswerving opposition to the Chamberlain resolution which by an inquiry into the aircraft situation, the President considers, proposes general investigation of the conduct of the war, prevailed in the Senate today when leaders of both sides agreed not to bring the resolution up until Monday, and meanwhile regarded some sort of a compromise likely. Friends of the administration consider it a victory as good as won and have no doubt that whatever action finally is taken will not be unsatisfactory to the President.

CREEL APOLOGIZES

(By Associated Press Dispatch)
Washington, May 17.—George Creel, chairman of the committee on public information, today apologized to Congress for his much discussed recent New York speech in which he was quoted as having said that as he disliked slumming he would not explore the hearts of congressmen.

"I regret the indiscretion and regret it deeply," he wrote to the Chairman of the Rules Committee.

AMERICANS TRAIN WITH BRITISH ON BATTLEFRONT

(Associated Press Cable)
With the American Army in France, May 17.—Troops of the new American army have arrived within the zone of the British forces in northern France and are now completing their training in the area occupied by the troops which are blocking the path of the Germans to the channel ports.

NEW AMERICAN ARMY

(By Associated Press Dispatch)
Washington, May 17.—The American troops referred to as "the new American army" in dispatches today reporting their arrival in the zone of British operations in France are the forces being brigaded and trained with the British probably on the Flanders battle front.

They are not troops detached from General Pershing's present forces but are part of the new movement of troops from the United States, forecast by Premier Lloyd George some time ago.

PRISONERS THREATEN TO MUTINY

(By Associated Press Dispatch)
Washington, May 17.—Almost a mutiny broke out among the 2200 interned Germans at Hot Springs, N. C., when they learned of the government plan to move them before July 1 to other army posts. It was necessary to increase the guard to preserve order.

Many of the interned aliens had invested their savings in improvements on their cottages to make them more comfortable, thinking they were permanently located for the war.

COVERT PURPOSE IS OBJECTIONABLE

(By Associated Press Dispatch)
Washington, May 17.—President Wilson today authorized Secretary Tamm to deny that he is opposed to an aircraft investigation by the Senate Military Committee and to announce that he objects to the "covert" purpose of the Chamberlain resolution because he knows what its purpose is.

WAR CROSS GIVEN RACER

Lt. Rickenbacher, formerly an auto racer, was decorated with the French War Cross Wednesday. He assisted in bringing down a German airplane in enemy territory two weeks ago.

NOW INSTRUCTOR

MAJOR RAOUL LUFBERY

Major Raoul Lufbery, whose nomadic career over the face of the earth led to a blaze of glory on the western front, has been actually dragged from active service by General Pershing and commissioned as an instructor in the American Air Service. Raoul began his wandering career by working his way through Algiers, Tunis, Morocco, Egypt, Constantinople, Austria, Germany through South Africa, and served eighteen months in the Philippines in Uncle Sam's service. He was on his second trip around the world when the great war broke out, and had reached French Indo-China, where he met with Aviator Pourpe, with whom he later enlisted in the Lafayette-Escadrille. His success as an aviator is well known, having brought down officially seventeen enemy planes, and probably twice that number unofficially.

MORE HONORS FOR AIRMEN OF AMERICA

(Associated Press Cable)
With the American Army in France, May 17.—American aviators in the sector northwest of Toul brought down another German plane this morning. Full details have not been received.

It appears that Lt. Edward Rickenbacher, of Columbus, answering an alarm shortly after daylight, encountered three enemy planes. He attacked them and shot one down three kilometers inside the enemy line.

COMMISSIONS FOR FOURTH OFFICERS' SCHOOL STUDENTS

(By Associated Press Dispatch)
Washington, May 17.—Under a new ruling announced today by Secretary Baker all students of fourth officers' training camp just opened who successfully complete the course, will be eligible for a commission.

The secretary removed the restriction allowing only 50 percent of the total number of candidates to qualify.

BARBAROUS SOCIAL LAW IS ENACTED BY GERMANS

Commission Appointed to Examine for Cause of Birth Rate Decline.

Recommends Startling Law.

Two Million Decline in Birth Rate Alarms War Lords.

(Associated Press Cable)

London, May 17.—The German commission appointed to examine the decline in the birth rate in Germany has reported a recommendation for the compulsory marriage of Germans before their twentieth year is past, according to a dispatch from Amsterdam.

Provision also is made for the punishment of married couples who remain childless.

A report compiled by the local government board based on information from German sources shows a fall in the birth rate in Germany during the three years, 1915 to '17 inclusive equivalent to the loss of 2,000,000 infants. Forty per cent fewer births occurred in 1916 than in 1913. These figures are compared with a decrease of 10 percent in the birth rate in England and Wales.

\$4,250,000,000 IS THE LOAN TOTAL

(By Associated Press Dispatch)
Washington, May 17.—Unofficial reports today to the Treasury indicated the third Liberty Loan total had gone above \$4,000,000,000 and might reach \$4,250,000,000. The exact total will not be known until next week.

HEAVY GUN FIRE

(By Associated Press Cable)
London, May 17.—The German artillery fire is increasing along the western side and northern side of the Flanders salient, the war office announces.

CASUALTY LISTS

(By Associated Press Dispatch)
Washington, May 17.—The casualty list today contained 106 names divided as follows:

Fifteen killed in action; 6 died of wounds; 4 died of disease; one dead of gas poisoning; 12 wounded severely; 60 wounded slightly; 8 missing in action.

Ohio names in the report include Lt. A. B. Pfeiffer of Cleveland, slightly wounded; W. L. Mathias, Youngstown, killed in action; Amos P. Briggs, South Charleston, severely wounded; Joseph Cully, Cleveland, severely wounded; Edwin O. Moats, Mt. Gilead, Robert J. Paul, Kings Mills, slightly wounded.

Amos Briggs, mentioned in the above report, is a brother of Chas. Briggs, of Jeffersonville, and is supposed to have been wounded in April, as a letter received this week by Chas. Briggs was written by Amos while in a hospital suffering of wounds, and was mailed April 15th.

76 MEN TO LEAVE FOR CAMP, MONDAY MAY 27, AT 9 A. M.

The Fayette County Local Board, Friday morning received word to have 76 men ready to send to Camp Sherman, to leave this city on the 9:00 a. m. B. & O. train, Monday, May 27th, and the 76 men may include a few farmers, according to present indications.

It was announced Friday that in all probability the list of persons not entitled to exemption on agricultural grounds would be less than the 76 men who will be inducted into service, and that some farmers, the first to be passed by on account of agricultural pursuits, may be called into service to fill up the ranks of the contingent to the required number.

All of the selectives will be white men, and those who will go are now being listed by the Local Board and the list will be published as soon as complete.

MARKET STREET WORK COMPLETED

The work of resurfacing Market street between the west side of Main and the court house alley intersection has been completed, and a perfect as-

phalt street is now in use where a few days ago a very rough and unsightly, badly worn brick street existed.

The improvement is pronounced a thorough success, and there are indications that similar improvement of the remainder of the old brick streets in the up-town section will be made in the not distant future.

The Andrews Asphalt Company is now at work on the resurfacing of the two bridges on Court and Hinde streets.

JUDGMENT OF LOWER COURT IS AFFIRMED

In an opinion rendered by Judge Ferneding, in the Court of Appeals of Fayette County, and in which Judges Kunkle and Allread concur, judgment of the common pleas court in awarding to the defendant in error the sum of \$147.30 in the case of William W. Westerfield, et al, executors, plaintiffs in error against A. S. Glascock, assignee, defendant in error.

The original action was filed by A. S. Glascock, assignee of Willard Martin, upon a book account in the sum of \$147.30, which Wm. W. Westerfield, et al, executors, claimed had been paid.

The jury awarded the plaintiff in the original action the full amount claimed.

FLOWERS TORN UP BY SOME VANDAL

Complaint has been made that vandals have been at work tearing and breaking flowers from porch flower boxes in the city, and if the identity of the offenders is learned the limit is promised for such offenders.

Apparently the only purpose of the vandals is to destroy the flowers by tearing them out by root and maiming others until they are worthless.

PATTERSON BROTHERS SELL OUT TO ENTER MILITARY SERVICE

Messrs. Joe and Asa Patterson, who have been engaged in the horse buying and selling business in this city for the past five years, leave Saturday for their home in Atlanta, Ga., to enter military service. They are motoring through, stopping at Tate Springs, Tenn., where their parents, Mr. and Mrs. Jacob W. Patterson, are staying temporarily.

The Patterson Brothers came to this city experienced horsemen, having been brought up in the business, their father, Mr. Jacob Patterson, being one of the best known horse judges and largest buyers of the South.

They built up a large and successful business in buying and selling horses and mules, quite a part of it in connection with the purchase of horses for army purposes. This business they have entirely sold out.

The Pattersons do not hesitate to express the greatest regret over having to leave Washington and their departure is considered as quite a loss to the horse interests of the county.

They are typical southerners, and also leave behind them many personal friends, who will be interested in their future plans.

BIG TUB AT THE Y IS READY FOR USE

The Y. M. C. A.'s white enameled swimming pool is again full of water. The pool is in a very attractive and sanitary condition and is a good drawing card for the "Y". The attendance has increased twenty-five per cent since the pool was filled.

Beginning Monday of next week swimming lessons will be given for two weeks. All members can take the lessons free but boys not belonging will be given the privilege for the small sum of twenty-five cents. An effort will be made to teach every boy between the ages of eight and eighteen to swim.

The ladies classes will be started Tuesday of next week, the classes will be held on Tuesday and Thursday from 3:30 to 5:00 p. m. At first the girls and ladies classes will be together but later separated.

WOMAN TELLS OF BENEFITS TANLAC GAVE

Describes How Tonic Improved Her Health and Says She Is Feeling Fine Again Now.

"I got so run down and my health got so poor before I took Tanlac that I looked thin and wasn't fit for work or anything else," said Mrs. R. F. Percival, 1323 Walnut street, Cincinnati.

"My stomach was all out of order. I always bloated pretty badly after eating and sometimes the bloating got so bad that I felt like I was going to smother. I got so I'd be sick after every meal and I didn't eat much because of it.

My system got rundown all over. I was pretty nervous and just felt so bad that I wasn't fit for work or anything else. I tried a lot of medicines but nothing seemed to help me much.

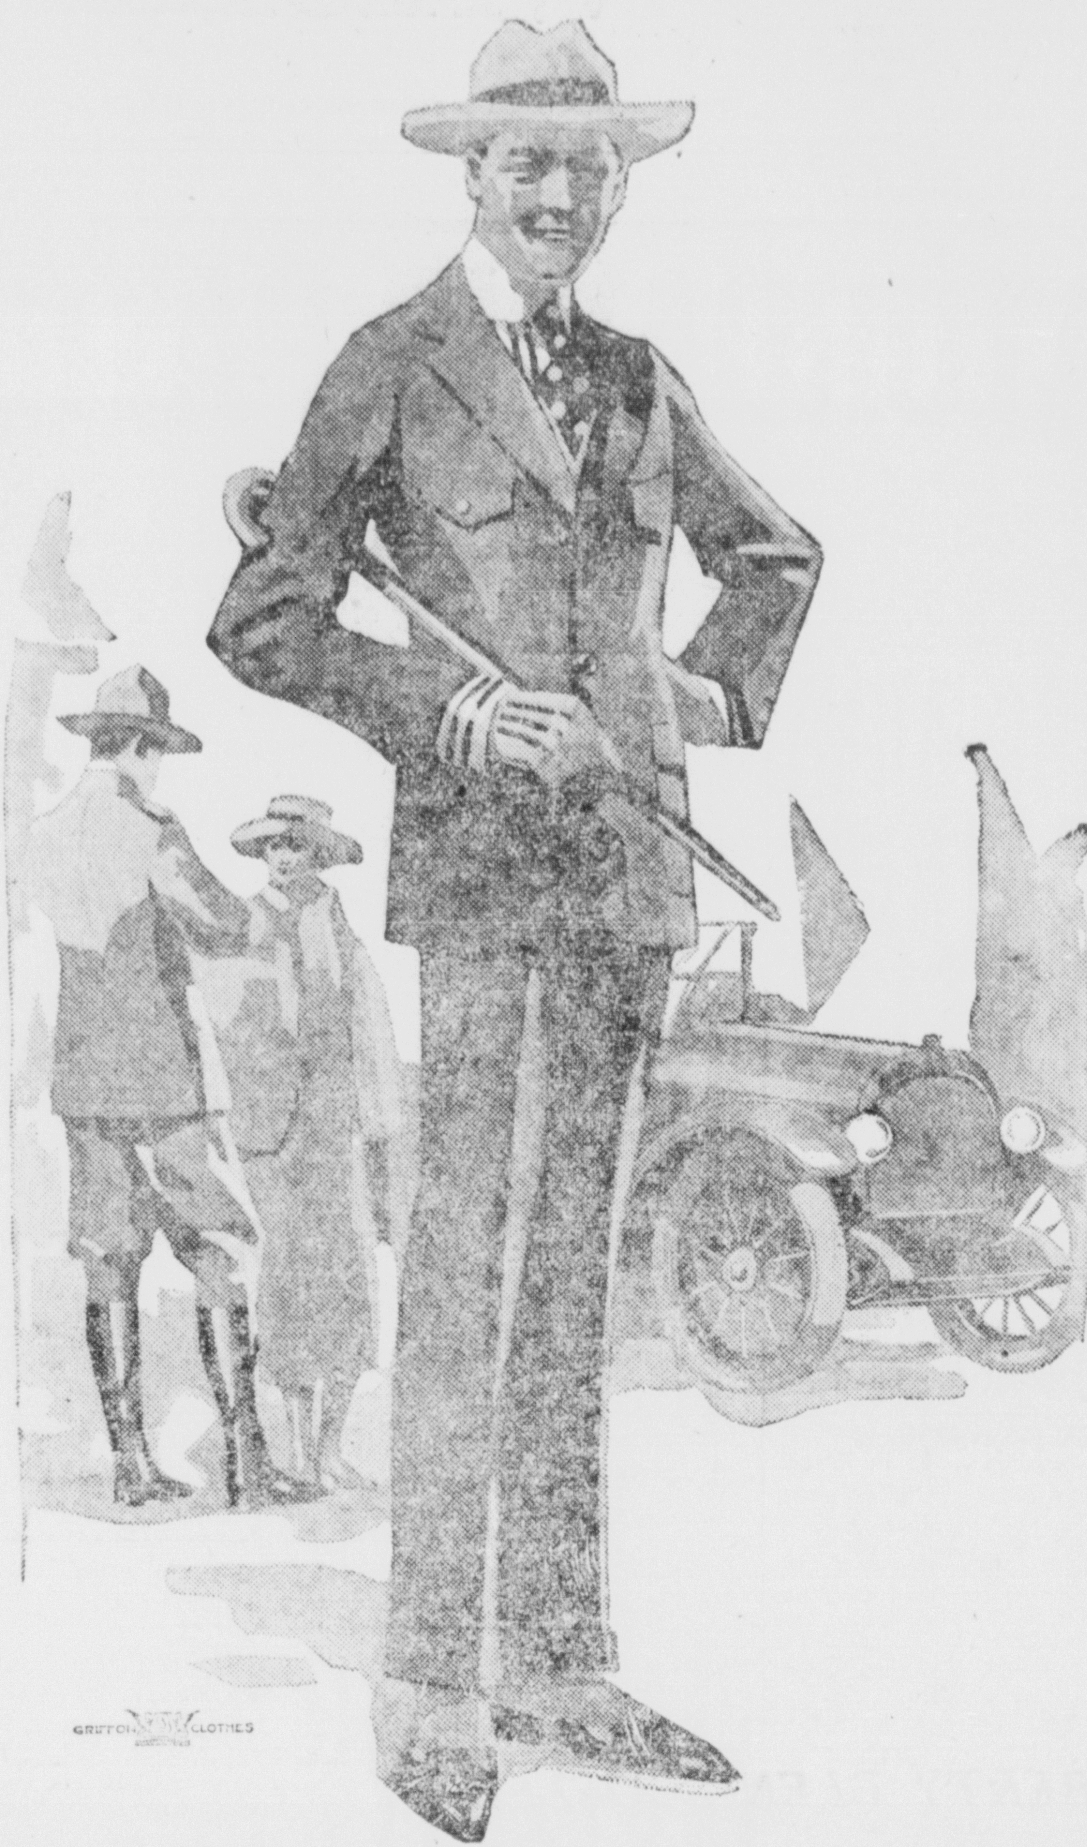

"Well, one day I read in the papers of the case of a woman who seemed to feel about like I did and Tanlac had helped her. I got a bottle of Tanlac and started taking it.

"I'd only been taking Tanlac one day when I could see a big change in my condition. Then, after that I soon noticed that my food was digesting better. My stomach kept right on improving and it wasn't long until I could eat all I wanted without a bit of trouble afterward.

"I'm feeling fine again now and I can't praise Tanlac enough for what it has done for me."

If you are not feeling right, get Tanlac today at Blackmer and Tanquary's, Frank Christopher's or C. S. Haver's.

FOR RHEUMATISM
Hundreds are finding Tanlac Rheumatism Treatment highly beneficial. Why don't you try it? You can get it at any good drug store.

FOOD DEMONSTRATIONS ARE DISCONTINUED

The Food Demonstrations, given by Miss Whittaker, who was sent out by Ohio State University Extension, under the auspices of the Woman's Committee C. N. D., closed Friday afternoon.

Owing to the great counter attractions of Saturday's big patriotic rally it was deemed unwise to hold them over tomorrow as planned.

The demonstrations of the past two days have been quite successful and cannot fail to give impetus to Food Conservation.

The women attending were very favorably impressed with Miss Whittaker and received from her many and practical suggestions helpful in the saving of wheat by the use of substitutes. Miss Whittaker prepared a number of delicious dishes that were so palatable that they will be most welcome wheat substitutes.

The bulletin of her recipes, including these tested ones will be published in the Herald for the benefit of those not attending.

The War Chest

There is now no room for doubt about the complete success of the drive next week to fill Fayette county's war chest.

The people of the county see, clearly, their duty and are eager and anxious to be about the work and rush it through as quickly as possible so that they can get to work on other matters which will press forward for attention.

People everywhere, in the towns and in the rural districts, thanks to the very active campaign of education conducted by the war council and business and professional men who have, patriotically, devoted their time to the war work matters, have a perfect understanding of just what the war chest plan means—what a tremendous purpose it will serve, what a mass of burdensome detail and annoyances it will lift from the shoulders of the people and just how it will remove from the pathway of those who are doing war work the obstacle of lack of funds.

The war chest plan, in brief, enables patriotic people to place the dollars and cents which they send to war for liberty, in one place at fixed intervals during the year, it relieves them of the necessity of sifting the thousand and one proposals in order to determine the relative merits of each.

Paying our share of the cost of war work must be intelligently done to be effective in results and satisfactory to the people whose dollars are sent into service.

Indiscriminate contribution results in waste and waste is just what we must not have at this time.

Our dollars go to the spot where they will do the most good. That's what the nation wants and that's what the individual wants. The war chest plan insures that result.

The Lull in the Battle

There is a marked lull in fighting on the battle fronts of Europe. On Thursday evening local engagements had practically stopped and only the incessant booming of the big guns of the belligerents, aside from the evidence of destruction on all sides and the alert lookouts in the first line trenches bore proof of the fact that humanity's great armies were facing each other awaiting a favorable opportunity to resume the struggle which means life or death to human liberty.

There are very few observers who look upon the present lull as anything save the deadly calm preceding the breaking of another storm, perhaps of greater intensity of fury than any which have preceded.

There is no doubt that the Germans, still holding to the intention of breaking through to the channel ports, are preparing for another offensive despite the costly failures that have marked their former efforts.

The allies are waiting ready for the attack to come—they have improved their positions and every day's quiet has been to their advantage.

On every front and in every camp the work of preparation for the gigantic struggle goes on and peace is not yet within the vision of the most optimistic.

The armies and the civilian population are preparing for greater efforts and for a struggle of indefinite duration.

Justice Hughes Named

The appointment of Justice Charles E. Hughes by President Wilson is an assurance to the nation that the investigation into the affairs of that department which has been charged with the construction of our aircraft, will be conducted ably, conscientiously and vigorously.

Justice Hughes is acknowledgedly one of the greatest lawyers in the land with a special talent for investigating work. The investigation into the affairs of the great insurance companies conducted by Justice Hughes some years ago was one of the most startlingly successful, in results attained, one of the plainest and most clean cut exposures of iniquitous conditions, hidden for years under a maze of intricate facts and figures, that was ever conducted.

The result of that investigation was a most powerful factor in bringing the tremendous financial reforms, blessings which the nation and the world are now enjoying.

Justice Hughes is a pioneer in the kind of work which he has just been asked to do for the country. There will be no compromise with wrong doing or wrong doers, if any are found.

The appointment and its acceptance is, too, a splendid evidence that partisanship has been forgotten in the search for big men to assist in the great work of the time.

It is a time when the administration needs the services of big, patriotic men, no matter what their political affiliations, and it is a time too when all able men are willing and anxious to help the nation in this crisis.

Poetry For Today

THE RETURN.

Mother, I have come home,
Out of the storm and night,
Out of the swirling foam,
Cruel and curled and white.

Mother, I learned to pray—
I who had known no prayer;
Mother, I lost my way,
And only God was there.

He who went forth with me,
Wooing with warm caress,
Left me adrift at sea,
Wildered and rudderless.

Mother, I tasted pain,
Drunk of the bitter deep;
Mother, I begged in vain
For the eternal sleep.

Braved till the quiet came,
Chilled with the fog-bound night,
Fainting, I called His name—
"Father, a beacon light!"

Mother, I came to thee,
Guided along the strands,
Healed, and with eyes that see
Writing upon the sands.

FIND YOURSELF

One moment Mr. Man. Since your country has been at war, just what have you done to help? You can still afford the comforts you have always been used to. Have you denied yourself one single thing to help out those who are pulling the triggers over there? Many men have given up their careers—their very lives if need be—to make the world a decent place for YOU to live in. Pull up the covers and flop yourself out of bed. FIND YOURSELF—before a big red necked Hun is battering in your front door, then it will be too late. H.C.

ROUSING MEETINGS HELD BY THE WAR CHEST COMMITTEE

At Center Church and at Pleasant View, Thursday night, rousing War Chest meetings were held and the stirring speeches and music aroused a responsive enthusiasm among the citizens in attendance, and the outburst of patriotism was the greatest the respective communities have witnessed since the war started.

The Bloomingburg Glee Club accompanied the speakers to Center, and rendered a good account of themselves. They were at their best and their efforts greatly pleased the audience.

Hon. J. D. Post delivered the chief address, emphasizing the dangers confronting America in the world war. Hon. Frank C. Parrett, M. E. Hitchcock and Ed Pite spoke on the War Chest campaign. Chairman, M. S. Daugherty and C. N. Baer also were present. Rev. Moore presided.

At Pleasant View James Flax presided at the meeting, and like that of Center, the attendance was large, and the interest most gratifying. Miss Edith Gardner and the Grace Church chorus, of this city, furnished the music for the evening. Mr. Henry Brownell and Hon. C. A. Reid were the speakers, carrying strong messages to the citizens of western Jefferson township. Secy. A. W. Duff, of the Fayette War Council, was present.

MANY WANTED FOR THE CIVIL SERVICE

The demand for mail clerks in state departments is far above the supply, and the State Civil Service Commission at Columbus has called a special examination for young men between the ages of 18 and 25, for June 5th, of applicants for appointment to such positions.

The salary to start with is \$840 a year, but an increase to \$900 is made after one year's satisfactory service.

A number will be appointed just as soon as an eligible list can be prepared. The June issue of the official bulletin of the commission, which will be sent free to all upon request gives complete particulars regarding this examination.

BOYS GATHER PAPER

The boys of the Y. M. C. A. are again gathering paper, rags, old rubber and the like. They were forced to give it up for a while but are back on the job working hard.

FAYETTE CADETS BECOMING ACTIVE

Company "A" of the Fayette Cadet Battalion held their regular drill on Tuesday night. There were quite a number of new recruits and over forty were present. A new interest is being taken in the organization.

Captain Horace Ireland, Captain Chas. Allen and Captain Howard Allen make up a Y. M. C. A. Military Board who now have charge of the company. They have offered a prize to the best drilled squad in the com-

pany. A competitive drill will be held on the first night in June.

The company at the last meeting voted to get uniforms and in about two weeks will be seen in khaki.

Top Sergeant Steffy has been transferred to company "B" at Bloomingburg and Sergeant DeWees has been promoted to top sergeant of company "A". Corporal Craig has been made quartermaster.

Nineteen were present at company "B" drill on Monday night. Good interest is shown in the company. Mayor Creath is a member of the military board.

ARRANGEMENTS TO HANDLE BIG CROWD COMING SATURDAY

Plans have been made for accommodating the great crowd of people expected in this city Saturday, and particularly Saturday afternoon, when unless bad weather prevents, a flotilla of airplanes from the Aviation Field at Fairfield will come to this city.

The streets on all sides of the court house will be roped off, beginning on Court at the court house alley, extending around on Main and Market to the north end of the court house alley.

The airman will reach the city sometime about eleven o'clock under present arrangements, and will remain until late in the afternoon.

About 2:30 o'clock demonstrations in scientific flying will be given, after which prominent speakers will address the audience from the court house steps, and a drill will be given by a large number of children of the Washington schools.

The event promises to be one long to be remembered in this city.

REAL MOVIE STARS VISIT THIS CITY

For the first time in the history of Washington picture theaters, two of America's picture artists, Mayre Hall and sister Elaine Hall of the Universal Film Co. will appear in person at both the Colonial and Wonderland theaters, Friday and Saturday nights.

The Misses Hall are motoring to the Coast, to join the women's aviation corps for Uncle Sam. They have, for the past two months, been touring the United States on the third liberty loan campaign. In Pittsburg, Miss Mayre Hall sold \$44,500 worth of bonds.

A special reel of the Misses Hall, will be shown in connection with the regular shows.

BIG RALLY AT JEFFERSONVILLE

A final War Chest rally will be held at Jefferson Hall in Jeffersonville, Sunday afternoon at 2:30 o'clock, and Hon. C. A. Reid, Henry Brownell and Hon. Frank C. Parrett will speak. Good music will be furnished. A large attendance is expected.

WASHINGTON C. H. MAN POSTPONES HIS FUNERAL

"I am 66 years old and for past two years have been suffering so badly from stomach and liver trouble, bloating and cholic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Mayr's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary or Frank Christopher. Advt.

HELPS TO KEEP FIT

When the digestion is out of order, it throws the whole physical being out of gear. B. B. Hayward, Unadilla, Ga., writes: "Foley Cathartic Tablets give me quicker relief than any I have ever tried." They relieve biliousness, bad breath, bloating, gas, indigestion and constipation. No griping or nausea. Blackmer & Tanquary. Advt.

WILSON PRESENT

By Associated Press Dispatch.
New York, May 17.—President Wilson arrived here this afternoon to assist in inaugurating the Red Cross drive for a war fund of \$100,000,000.

BIG ATTRACTIONS AT LOCAL THEATERS

Lovers of good photo plays are finding big week end attractions at each of Washington's picture show theaters, each one so good that it is well worth while to take them all in.

AT THE PALACE
The great William Fox photoplay, "Du Barry," in which the famous emotional actress, Theda Bara, is said to do her most brilliant work, is the drawing card at the Palace and the large audiences that saw it Thursday were amazed at the sumptuousness of the production and the beauty of the star, bewilderingly enhanced by gorgeous gowns.

The life of the famous woman of the Court of Louis XV, with the intrigues of the most effete court that history has developed, is portrayed in a wonderful drama. For gorgeousness of scene and costuming it rivals anything presented on the screen and gives an exact picture of the time of Louis XV.

AT THE COLONIAL
A splendid screen presentation of Frances Hodson Burnett's intensely interesting book, "The Shuttle" is on at the Colonial and is, if possible, more entertaining than the book.

This story unfolds the tragic life of the daughter of one of America's money kings as the wife of a dissipated English Lord and her restoration from a cruel form of slavery by the beautiful and fearless sister, "Betty."

Through superbly presented scenes of English country life the intrepid Betty defies the vicious Sir Nigle, restores both his castle and its prestige and finally wins the love of Lord Mount Dunstan, a very different type of English nobleman.

Constance Talmadge is most captivating in the role of Betty and Edith Johnson does fine work as the mistreated wife.

AT WONDERLAND
"The House of Shadows" delighted patrons of the Wonderland theater, Thursday night and will be shown for the last time tonight.

Vaughn Glaser, well known as a "Matinee Idol" stars.

LEARN TO TAKE THE NERV-WORTH WAY TO HEALTH

Tonic and Tablets Form a Great Combination This Time of the Year.

The spring season is at hand. Now's the time to destroy its seeds of ill health. In Nerv-Worth the tonic and Nerv-Worth the new laxative tablets, winter-weakened mortals have a combination unequalled in its power, first to cleanse the system and then to whet the appetite, aid digestion, add flesh, rouse the liver, regulate the bowels, banish sick and nervous headaches and other aches and pains, repair disordered nerves and build up rundown systems.

Summon Nerv-Worth—Tonic and Tablets—to your aid now. An ounce of prevention is worth a pound of cure. Nip the varied weaknesses in the bud. Spike the guns of disease. Make your vital organs so strong that disease will be powerless to drive them from their trenches of health.

The Brown and Christopher drug stores sell Nerv-Worth in Washington C. H. Your dollar back if this famous tonic does not benefit you. Advt.

SON OF LOCAL MAN TELLS OF HUNTING FOR THE HUN SUBS.

John E. Bliss, Aboard the U. S. Battleship, Florida, Describes Cruise After "Fritz" in His Deadliest Form, the Submarine.

John E. Bliss, son of Mr. H. J. Bliss, of this city, is now aboard the Battleship Florida somewhere in European waters hunting submarines, and in the following letter tells something of the life in the navy—a thing about which little is being written at the present time:

"You people in Chillicothe see and hear so much of the army, you are apt to forget the Navy. Well, we're on the job over here, and I suppose the best method to convince you, is to take you on one of our 'dashes' out to sea from our base here. All right, here we go! It's about 12:30 a. m.; the ship is dark from aft forward, as a precaution against possible detection by hostile air craft. We are swinging peacefully in our hammock—along comes a bo's mate, gives our hammock a vigorous 'whack' with an 'out you come, sailor; up on deck and rig ship for sea.' We 'snap out' with a jump, pull on our clothes, lash up our hammock, and lie ourselves up on deck.

"Down go all hatch covers, dogged tightly. In comes the boom, and dashed. All movable gear is removed from the deck. The 'Flo' is rigged for sea, and we begin to move slowly out toward sea, dodging a mine field here and passing through a submarine net there.

Now we are out past all the nets, steaming at eighteen knots in divisional formation, the flag ship leading. Flanking us is a convoy of destroyers, darting over the surface like wasps, with a 'sting' for every U-boat. Now is passed the word that breaks us into serious business: 'Guncrews, man your guns!' Here comes the fun (?) 24 hours on, with four out of twenty-four for sleep, sometimes taking your meals at your gun Hardtack preferred.

About this time, 'Old Neptune' awakens, and we begin to stand on our 'nose' one minute, and our stern the next. Unless an 'old salt' a rather queer sensation manifests itself in the pit of your stomach. Great stuff, those gun watches in a rough sea. There's one consolation, the U-boats are at just as great a disadvantage as we—if not more so. Occasionally, we are let outside the turret for a smoke or a breath of fresh air. (You and I are in one of the 12 in. turrets you know, and I'm a loader in the same.)

Now comes the excitement. I am sorry, but I cannot let you in on this. The censor, you know, has a hand in this little narrative too. Suffice to say, these trips of ours aren't always without results. I have in mind particularly a couple of incidents, but as I before mentioned—'ware the censor! I may state that we are operating in the most dangerous sub zone successfully.

After four or five days, our work accomplished, we return to our base, and 'stand by' to do the same thing

over whenever 'Fritz' becomes 'restless' again. It's a tired and exhausted crew that welcomes a well earned rest at the base.

This 'hide and seek' game can't go on indefinitely. Highly entertaining at times, but not productive of the big results we are after. The Germans must come out, and meet us eventually. We are ready, odds or even, to meet them any time. The whole crew is of this sentiment—Fight it out to the finish, and then HOME—God so willing.

I believe you have gotten some idea of our work and our life 'over here' from the above narration. Perhaps the one thing that tells the most on the crew is the lack of recreation. I haven't put foot on 'terra firma' for three months. Still I guess we should not have so much kick coming. Some of our allied ships have been at this base for four years, doing just what we are doing. It is the American temperament, that makes us chafe, I suppose.

I have had one shore liberty since over here. I went to—a beautiful old city, rich in historical lore, its quaint streets scenes, the people, old castles, etc., were all intensely interesting and a day was too short to spend there.

ADDRESSES CLUB

The members of the Dutch Treat Club were indebted to Hon. J. D. Post for a very entertaining and instructive talk on the war at their noon luncheon Thursday. The club was also pleased with a silent oration by Mr. Grant Coffman.

WAR CHEST DRIVE WILL COVER BIG RED CROSS DRIVE

Fayette's Portion for Red Cross Fund in Great Campaign All Over Land Said to be About \$35,000, Which Will Come From Fayette's War Chest.

While Fayette county citizens are subscribing to the big War Chest fund to be raised in the county beginning Monday, they will, by so doing, be raising Fayette's quota in the great \$100,000,000 drive for the Red Cross which will be conducted throughout the United States beginning Monday of the coming week.

Fayette's quota in the big Red Cross drive is said to be about \$35,000, and so far, as known this will be the first fund to come from the Fayette County War Chest after it is filled by the drive next week.

Throughout the country the campaign for the big war fund of the Red Cross, virtually all of which will go to support the Red Cross work in the camps and overseas wherever needed, will be launched Monday.

When the Fayette County War Chest is filled there will be no further solicitation of funds for the Red Cross, Y. M. C. A. war work and the other causes, for one year, as the fund is being raised to meet all demands in the nature of contributions until one year has elapsed.

There is every indication, gleaned from reports all over the county, that the number of War Chest slackers will be very few.

BIG CONTRACTING FIRM IS ACTIVE

The Smith-McCormick Co., railroad contractors, who still maintain their office in this city, have been awarded contract for rebuilding a bridge on the main line of the Baltimore & Ohio between Musselman and RK Tower, near Chillicothe.

This firm is also building the large new yard at North Dayton and the new cut-off from Wellston Division to Toledo Division, which work is now nearing completion.

W. H. Lipsett, Jr., of E. Temple street, is Ohio representative for the Smith-McCormick Co.

MADISON TOWNSHIP WILL DO HER PART DECLARES CHAIRMAN

Mr. J. E. Hopkins, chairman of the Fayette County War Work Council in Madison township, announced Friday morning that the committee in that township is certain that Madison township will go over the top in splendid style in the War Chest drive beginning Monday.

The announcement was made after a meeting held Thursday night, and reports from various parts of the township were received by the committee.

The citizens of the township are now looking forward to Sunday night when a roaring, final meeting will be

held at Madison Mills, beginning at eight o'clock, and which will be addressed by Hon. C. A. Reid, Attorney John Logan and Mr. M. E. Hitchcock, who will be accompanied by the Bloomingburg Glee Club.

It is understood there is some rivalry springing up between the townships as to which will be the first to report their full quota, and which will make the best record in going over the top with the largest surplus.

ANOTHER MEMBER OF M COMPANY IS SEVERELY WOUNDED
Mrs. Anna E. Thomas, residing at the corner of Columbus avenue and Blackston avenue, this city, received a telegram from the War Department Thursday evening announcing that her son, Corporal Earl Thomas, member of M Company of this city, has been severely wounded while fighting in France.
As a result of the bad news received by Mrs. Thomas, she is a nervous wreck and inconsolable.
A peculiar circumstance connected with the receipt of the word by Mrs. Thomas is that a few days ago the wounding of "Corporal Earl Thomas, son of Mrs. Anna E. Thomas, R. D. No. 5, this city" was reported in "The Herald," the news having come through the Springfield Sun which stated that the young man had been severely wounded, and that he had formerly lived with his parents at South Charleston, from which place he had enlisted in the service, and that later his family had moved to this city.
When Mrs. Thomas read of the wounding of Earl Thomas, supposed to be her son, she began inquiry, as her son, according to a letter received a few days before he is supposed to have been wounded, was still a private and the Thomas family had never lived at South Charleston. As a result of the peculiar circumstances she could not believe that it was her son until the telegram came Thursday evening.
As there is no other Thomas living on R. D. No. 5, it seems that there is now no doubt but what the young man was the son of Mrs. Thomas, at the edge of this city.
As no further news regarding the young man has been received it is believed that he is recovering, and if so he may return home as soon as able.

SUPER WHEAT IS NOW A REALITY
Santa Rosa, Cal., May 17.—A "super wheat," containing 14 per cent gluten has been evolved by Luther Burbank the California horticulturist, after experiments extending over 11 years, it was announced here today.
The wheat may be grown from Budson Bay to Patagonia.
The new wheat is said to be of the winter variety, hardy, and producing a white flour.
Washington C. H. grain dealers are deeply interested in the above announcement, and believe that the "super wheat," if the announcement is a fact, is a tremendous improvement over all known wheats.
Fayette farmers and grain men generally will watch with interest the outcome of the new wheat.
